SPEAKER, AUTHOR, COACH

A VOICE OF EMPOWERMENT AND TRANSFORMATION

The Power to Change

Personal experience coupled with years of teaching and counseling students who encountered bullying and abuse bring a unique take on the subjects of accepting oneself and transforming one's life. Through encouragement and humor, and the willingness to share her own experiences, Kim takes listeners on a journey of self-acceptance and empowerment. This presentation is appropriate for corporate events, women's groups, colleges, and other similar venues.

As young adult author Jo Ramsey, Kim uses her fiction to make her messages accessible to teens and adults. Through focus on the themes of her books and the "story behind the story," Kim brings the same message of acceptance and empowerment to audiences in middle schools, high schools, and libraries.
